Clear Stream Use: Tips & Instructions

1. When plotting out the areas – place the ClearStream containers with garbage containers
2. Ideally, they should be located in visible and appropriate areas. Place near food vendors along with sporadically throughout the event.
3. Ensure those responsible know how to get lids on/off the frames and that bags are installed properly (not doing so will result in the bag falling).
4. Typically you should collect and replace bags when they are 2/3 full so that they do not become too heavy and cumbersome.
5. Avoid unnecessary work at the end of the event by keeping the lids clean by wiping them down with rags as necessary.

Recycling...The Clear Choice® BAG LOCK, As Easy As 1 - 2 - 3!

1. Through the Loop 6"

2. Over the Loop 3"

3. Pull sides down & in!

Thank you for recycling at your event!

Please contact the Wood County Solid Waste Management District if you have questions.
